for Ramadan projects to benefit nearly 2.4 million people in Qatar and across the world

Warmest congratulation to the people in Qatar and Arab and Islamic nations on the advent of the blessed month of Ramadan

The blessed month of Ramadan is visiting us this year, while the whole world is facing a serious threat to human being. It made humankind to take precautionary measures to protect all, and it is affecting their business, lives, and future.

While we are, at Qatar Charity, aware of the sensitivity of this stage, and we have taken the required preventive and precautionary measures regarding the implementation of Ramadan projects and ways to donate to these projects, the coronavirus pandemic

will not prevent us from thinking about other things:

- Hoping for seeing a better future, overcoming this virus, and the return of peacefulness and calmness, sooner rather than later.
- Carrying out our relief tasks, humanitarian interventions, and awareness-raising and voluntary efforts in cooperation with the concerned authorities, as we implement them in the event of natural disasters and at the time crises.
- Continuing our development work to raise preventive awareness, ease the suffering of people, and improve their standards of living, as this is our moral, brotherly, and human duty, as an international humanitarian organization based in Qatar.

From this standpoint, the Ramadan campaign for the current year 1441AH / 2020 comes under the slogan "Calm Your Heart by Giving" to implement seasonal and relief projects across the globe.

The campaign serves as an invitation to the kindness and compassion, bringing the peace of mind to those affected, and restoring hope

to beneficiaries. At the same time, it gives calmness and satisfaction to benefactors, and is a reason to protect them from all badness, Allah willing, as the Messenger of Allah, peace and blessings be upon him, said, "Good works protect from evil fates."

Through this year's campaign, we aim to benefit nearly 2.4 million people in the State of Qatar and 30 countries around the world at a total cost of more than 119 million riyals, through the 'Feed a Fasting Person' project that will focus on providing food baskets and ready-to-meals only.

The campaign also includes the distribution of Zakat al-Fitr and Eid clothing, in addition to the distribution of food items in regions of crises, and aid for those affected by coronavirus, which includes health and food assistance, the improvement of living conditions of the affected by the coronavirus.

We believe that, with the support from benefactors in Qatar, we will reach the targeted beneficiaries, as we do every year, hoping that the volume of giving would increase at the time of disasters, crises and pandemics to help the oppressed, affected, and the needy worldwide.

On the advent of the holy month of Ramadan, we would like to congratulate the Qatari people, residents, and Arab and Islamic nations, calling upon Allah Almighty that the blessed month of Ramadan would carry calmness, peace of mind, safety and wellness. May Allah Almighty, Who hears all and answers all, accept our acts of worship and good deeds.

Yousef bin Ahmed Al-Kuwari

CEO, Qatar Charity

**Qatar Charity's
Campaign for the
Month of Ramadan

The Slogan & Message of
the Campaign**

Why should we calm our hearts by giving?

Nowadays, we are living the days of anxiety, distress, and sadness, but we are cheerful about the advent of the blessed month of Ramadan that would cause the cure of our pain and removal of our misery, and bring blessings to all of us.

Recent events have shown that the whole of humanity, regardless of color, gender, race and language, is facing a serious threat. The safety of any of its members means the safety of all, which increases the importance of solidarity and humanitarian cooperation, because everyone is now facing the same fate.

As the number of the needy rises in the times of adversity, making charity and doing good to meet their needs and relieve them of their troubles become the best deeds to Allah the Almighty, and supplicate Him to have mercy upon us.

At this moment, the "Calm Your Heart by Giving" campaign comes from Qatar Charity to restore hope to the members of society (citizens and residents) in the State of Qatar and across the globe, calling on people to give the peace of mind to others.

Fatwa of Sheikh

Ali al-Qaradaghi

on Giving Zakat in Advance

In light of the current circumstances due to the coronavirus, Sheikh Ali al-Qaradaghi stated that it is desirable to give Zakat in advance for the next one or two years.

Expediting Payment of Zakat

"In light of the circumstances experienced by humankind in general and Islamic nation in particular because of the coronavirus, as many people have become jobless, lost their livelihoods or have been affected economically by the coronavirus, it becomes obligatory to hasten to good things to support the needy and ease the suffering of the poor."

"Therefore, the majority of jurists allowed the expediting of paying zakat for the next one or two years, because Prophet Muhammad - peace be upon him - **hastened to give zakat of his uncle Abbas for two years.**"

Feeding a Fasting Person Includes Providing Food Baskets

"With regard to feeding a fasting person, which is a good deed Prophet Muhammad –peace be upon him - urged us to do in the hadith **"Whoever provides the food for a fasting person to break his fast with, then for him is the same reward as his (the fasting person's), without anything being diminished from the reward of the fasting person,"** it is not essential that the food should be cooked and ready-to-eat.

"Feeding a fasting person also includes providing food basket containing basic foodstuffs, vegetables and meat and others. Rather, providing food baskets may be more beneficial to those in need, especially in light of the current conditions due to the coronavirus (COVID-19)."

Qatar Charity is keen to issue an annual directory of its humanitarian and developmental projects implemented in the main areas of its work worldwide. The manual mentions projects along with its cost and the number of its beneficiaries. The projects manual of Qatar Charity gives a variety of options to generous donors to select suitable projects or sponsorships that they want to fund or support.

The projects are selected based on the development plans of the countries where Qatar Charity works, taking into account the compliance with the UN Millennium Development Goals (MDGs) 2030, including combating poverty and disease outbreaks and reducing illiteracy, and Qatar Charity is keen to support all those in need.

Qatar Charity considers benefactors and donors as partners in its important achievements in the areas of social welfare, development and combating poverty across the world.

The manual has different sections such as housing, mosques, and centers, and education projects, which include building and furnishing schools, sponsoring students and providing school supplies.

Projects of each field are preceded by an introduction that clarifies the challenges associated with them globally through numbers, statistics and facts to emphasize the importance of supporting such projects to ease the suffering of the expected beneficiary communities.
