Hoping to reach more than **two million** people worldwide

We congratulate Qatar's leadership and people, as well as Muslims worldwide, on the advent of Ramadan, making supplication to Allah that peace, harmony, and happiness would prevail everywhere across the globe.

The blessed month of Ramadan is approaching, as a guest dearer to all of us, to honors us with its generous gifts and give us a great opportunity for obedience, compassion, giving and rewards.

I take this opportunity to extend my warmest congratulations and sincerest wishes to Qatar's leadership, government, citizens and residents on the advent of the holy month of Ramadan, making supplication to Allah that peace, harmony,

and happiness would prevail everywhere in the world. I pray to Allah to help us in fasting, doing many acts of worship and charity, assisting the underprivileged, and bringing the distressed out of discomfort.

We launched the 'Ramadan of Hope' drive for the last year 1442 AH – 2021 Ramadan, which was better supported by the benefactors of Qatar to implement our Ramadan projects in dozens of countries. I express my sincere thanks and gratitude to our supporters for their trust and generosity that contributed to restoring hope to those in need and alleviating the suffering of the underprivileged, as a large number of them lack the simplest and most basic necessities of life, and are unable to meet the food needs of their families and children.

With the same name 'Ramadan of Hope', we have launched our Ramadan drive for the year 1443 AH – 2022 Ramadan, believing that giving brings back the hope for a safer and more

stable life, and helps realize the hope of the underprivileged and the affected for a dignified life.

We, with the support of benevolent people in Ramadan, aims to benefit more than two million people in 40 countries, including Qatar, as part of our QR 133 million our Ramadan drive. The drive includes 'Feed the Fasting' (food packages and Iftar meals), Eid clothing, 'Eid Gift' for orphans and children from low-income families, Zakat al-Fitr and the 'Ramadan Gift'.

The campaign will also focus on domestic aid through the 'Alaqraboon' initiative, and we hope, with the support of philanthropists, to deliver QR 84 million social aid to those in debt and humanitarian cases.

Qatar Charity, while implementing the Ramadan projects, will continue to take into account the precautionary measures against the covid-19, and will make all efforts to improve the methods that facilitate the receiving of donations. There are many ways to donate. Donors can use both electronic services and traditional methods for donating.

May Allah accept our good deeds and acts of charity,

Youssef bin Ahmed Al-Kuwari

CEO, Qatar Charity

Ramadan of hope

Let's fulfill the hope of the vulnerable for a dignified life

Hope makes a person feel better. It gives determination and desire to succeed, and encourages to face the difficulties and challenges boldly and bravely. It helps make a positive and better change.

Giving brings back the hope for a safer and more stable life, and helps realize the hope of the underprivileged for a dignified life.

As Ramadan is the month of giving, mercy and charity, Qatar Charity hopes that the benefactors will be hope makers by giving zakat, alms and donations, and they will make the holy month a new start to change the life of refugees, internally displaced persons (IDPs) and those in need for the better.

In order to make a difference in the life of the vulnerable, Qatar Charity hopes that the philanthropists will contribute to Qatar Charity's developmental and social welfare projects, as well as to its seasonal projects like Iftar meals, food packages, Eid clothing, Eid gifts for orphans, and Zakat Al-Ftr.

Let us spread hope everywhere, draw a smile on the faces of the underprivileged and the deprived, lift them out of poverty and destitution, bring joy to their hearts, make them self-dependent, and preserve their human dignity.

Story

Pakistan's parentless Rabia becomes doctor

When Rabia Qazi, a talented Pakistani girl, was only 8-year old, her father died in the 2005 Kashmir earthquake. Her mother took the responsibility of all of her 4 siblings. The mother, however, also passed away in 2014, leaving her children for an uncertain future and in financial hardship.

When everything looked darker for the orphaned Rabia, Qatar Charity's Social Protection program kindled a ray of hope in her life. The support she received from the benefactors of Qatar encouraged her to never give up and continue her education.

Due to All the hard work Rabia had done, she got admission in MBBS in Poonch Medical College Rawalakot for the session of 2016-22. She is about to complete her study in April, 2022,

The very ambitious Rabia dreams of supporting the underprivileged and providing them with medical services free of charge. "I have faced many challenging situations in my life. I became an orphan at a very early age. I know very well that without parents, survival becomes very difficult," said Rabia.

"I saw a dream to become a doctor. The dream will come true very soon. I extend my heartiest gratitude to the generous sponsor, who brought a light into my life and gave me a chance to become able to serve others, especially the deprived," Rabia added, thanking Qatar Charity for properly taking care of her, as an orphaned student.
